The Kalamazoo College
Emeriti Retirement Healthcare Savings Program
Preparing today for a healthier tomorrow

As you get older, healthcare costs are likely to take up a larger portion of your budget, and Medicare may not be enough.* Your institution established the Emeriti Retirement Healthcare Savings Program as a way to help you prepare and pay for your medical expenses in retirement.

The Emeriti Plan complements your retirement program, and it offers a number of tax advantages, both while you are accumulating savings and later when you are retired, including:

- Tax-free employer contributions
- Tax-free investment earnings
- Tax-free reimbursement for qualified medical expenses during retirement

In addition, you have the opportunity to save even more by making your own contributions on an after-tax basis. Any earnings are tax free as long as the money is used to pay for qualified healthcare costs. You will also have access to group health insurance, underwritten by Aetna, when you retire.

**How it works**
To help you prepare and pay for your medical expenses in retirement, the program provides:

**A tax-advantaged retiree healthcare savings account**
Money is set aside now to help you pay your healthcare costs in retirement:

- Funded with tax-free employer contributions and after-tax employee contributions
- No annual contribution limits
- Automatic enrollment

**A tax-free reimbursement benefit**
When you retire, money in your account can be used for a variety of qualified medical expenses, such as:

- Health insurance premiums
- Copayments and deductibles
- Prescription drugs
- Long Term Care and Medicare premiums

**Group retiree health insurance**
When you become Medicare-eligible, and if you meet your employer's Emeriti retirement eligibility when you leave the institution, you will be eligible to enroll in group health insurance, underwritten by Aetna.
