2017 Medicare Updates

Changes to Centers for Medicaid and Medicare (CMS) Cost Sharing
1. Cost sharing for pulmonary rehabilitation cannot be greater than $30.
2. Cost sharing for the first 20 days of skilled nursing facility care will not be greater than $20.

2017 Aetna Plan Update

Aetna will provide diabetic eye exams at $0 cost share when performed by network providers.
2017 Affordable Care Act (ACA) Updates

• The Medicare Coverage Gap Discount Program will continue to provide manufacturer discounts on brand name drugs to Part D beneficiaries who reach the Coverage Gap and are not already receiving “Extra Help.” A 50% discount on the negotiated price of preferred and non-preferred brand drugs (excluding the dispensing fee) will be available from manufacturers that have agreed to provide the discount at point-of-purchase.

• The Coverage Gap will continue to close between now and 2020. In 2017, if you are not already receiving “Extra Help,” your cost share in the Coverage Gap can be no more than 51% for covered Part D generic drugs and 40% for brand-name drugs. Some of the Emeriti plans offer enhanced coverage in the gap, which means your member cost share could be lower. Please refer to your insurance enrollment kit (mailed in late October) for details about each plan.

Good News! Emeriti Fee Reduced

We are pleased to inform you that the Emeriti participant fee has been reduced by 40%.

Emeriti reduced its fee from $5 to $3 per participant per month, effective July 1, 2016. If you have an Emeriti Health Account balance, you will see the fee reduction first reflected in the 2016 third quarter TIAA statement. If you don’t have a balance in your Emeriti Health Account, and are paying for premiums through your bank account, the fee reduction will be reflected in the amount withdrawn from your account each month. Alternatively, your employer may be paying for your Emeriti fee.
