Each year, the CCPD gathers data from graduating seniors through the College's First Destination Survey. As of December 19, 2016, we had first destination data on 94% (256/272) of 2016 graduates.

By December 2016, 92% of those who sought employment had secured jobs (compared to 91% in 2014 and 2015), and 17% of the Class of 2016 was already enrolled in continuing education (compared to 23% in 2014 and 13% in 2015). Seven percent of the class was engaged in Volunteer/Service opportunities such as Teach for America or the Peace Corps.

Overall, 89% of the Class of 2016 was employed, in graduate school, in the military, or engaged in a gap/service year within six months of graduation (up from 87% in the Class of 2015).

*In alignment with current NACE standards, paid service opportunities such as Teach for America, AmeriCorps, and the Peace Corps are now considered Volunteer/Service Programs.*
