## Important Questions | Answers | Why this Matters
---|---|---
What is the overall deductible? | For participating providers $1,000 person / $2,000 family  
For non-participating providers $1,500 person / $3,000 family  
The preferred benefits deductible doesn't apply to preventive care, prescription drugs, or certain services subject to flat dollar co-pays. The deductible for each benefit level is calculated separately. Amounts you pay toward the deductible do not count toward any co-insurance maximum. | You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible. |
Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers. |
Is there an out-of-pocket limit on my expenses? | Yes. For participating providers $6,350 person / $12,700 family  
For non-participating providers $12,700 person / $25,400 family  
Your plan also has a co-insurance maximum.  
For participating providers $1,000 person/ $2,000 family  
For non-participating providers $1,500 person / $3,000 family  
The co-insurance maximum limits the total amount of co-insurance you will pay for certain covered services during a coverage period. The co-insurance maximum is included in the out-of-pocket limit. The out-of-pocket limit and co-insurance maximum for each benefit level is calculated separately. | The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. |
What is not included in the out-of-pocket limit? | Premiums, balance-billed charges, health care this plan doesn't cover, services that exceed an annual day/visit limit, and any co-pays or co-insurance you pay for any non-essential health benefits. See plan documents for additional services that may not be included in the out-of-pocket limit. | Even though you pay these expenses, they don't count toward the out-of-pocket limit. |
Does this plan use a network of providers? | Yes. See PriorityHealth.com or call 1-800-446-5674 for a list of participating providers. | If you use an in-network doctor or other health care provider, this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network, preferred, or participating for providers in their network. See the chart starting on page 2 for how this plan pays different kinds of providers. |
Do I need a referral to see a specialist? | You don't need a referral in order to receive the preferred benefit for services provided by a participating specialist.  
You do need a referral in order to receive the preferred benefit for services provided by a non-participating specialist. | You can see the in-network specialist you choose without permission from this plan.  
This plan will pay some or all of the costs to see an out-of-network specialist for covered services but only if you have the plan's permission before you see the specialist. |
Are there services this plan doesn't cover? | Yes. | Some of the services this plan doesn't cover are listed on page 6. See your policy or plan document for additional information about excluded services. |

**Questions:** Call 1-800-446-5674 or visit us at PriorityHealth.com. If you aren't clear about any of the underlined terms used in this form, see the Glossary. You can view the Glossary at www.dol.gov/ebsa/healthreform or www.cciio.cms.gov or call 1-800-446-5674 to request a copy.
- **Co-payments** are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.
- **Co-insurance** is your share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for a primary care visit is $100 and you have a co-insurance of 20%, you would pay $20.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network provider charges more than the **allowed amount**, you may have to pay the difference. (This is called **balance billing**.)
- This plan may encourage you to use network **participating providers** by charging you lower **deductibles, co-payments** and **co-insurance** amounts.
- You may be able to pay your **deductible** and **co-insurance** using money from a Health Reimbursement Account (HRA) or Flexible Spending Accounts (FSA).

- Emergency services provided outside the U.S.
- Infertility treatment - diagnostic, counseling and planning services for the underlying cause of infertility
- Weight loss programs

### Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan at 1-800-446-5674. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or [www.dol.gov/ebsa](http://www.dol.gov/ebsa), or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or [www.cciio.cms.gov](http://www.cciio.cms.gov).

### Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact:

- Priority Health at 1-800-446-5674 or visit [www.priorityhealth.com](http://www.priorityhealth.com);
- The Department of Labor’s Employee Benefits Security Administration at 1-866-444-EBSA (3272); or
- The Michigan Health Insurance Consumer Assistance Program (HICAP) at 1-877-999-6442 or [DIFS-HICAP@Michigan.gov](mailto:DIFS-HICAP@Michigan.gov)

### Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as “minimum essential coverage.” This plan does provide minimum essential coverage.

### Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). This health coverage does meet the minimum value standard for the benefit it provides.

To see examples of how this plan might cover costs for a sample medical situation, see the next page---
About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don’t use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

NOTE: These examples demonstrate possible costs under Subscriber only coverage. If you have Subscriber/Dependent coverage, your costs may be different.
Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don’t include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren’t specific to a particular geographic area or health plan.
- The patient’s condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **co-payments**, and **co-insurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn’t covered or payment is limited.

Does the Coverage Example predict my own care needs?

- No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor’s advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

- No. Coverage Examples are not cost estimators. You can’t use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

- Yes. When you look at the Summary of Benefits and Coverage for other plans, you’ll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

- Yes. An important cost is the **premium** you pay. Generally, the lower your premium, the more you’ll pay in out-of-pocket costs, such as **co-payments**, **deductibles**, and **co-insurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
