Where it Matters: The Importance of Critical Civic Engagement

Associate Director Teresa Denton and Assistant Director Moises Hernandez talk a bit about the important work of the Center for Civic Engagement. Then a student panel of Civic Engagement Scholars provide a glimpse into current students’ experiences working through local community partnerships to “build a more just, equitable, and sustainable world.” About two thirds of K students participate in faculty-led community based research and coursework, and in student-led initiatives the CEE facilitates. Come and learn more about this vital component of the “K Plan.”
