Student Name: ___________________________ ID# ____________

SIP Department or Program ___________________________ Faculty SIP Supervisor ___________________________

REGISTRATION or CHANGE (circle one)

Registration

The SIP registration form must be submitted by the student to the Registrar’s Office. Deadlines for registration: Summer - Friday of 10th week of Spring quarter, Fall or Fall/Winter SIP - Friday of 1st week of Fall quarter, and Winter SIP - Friday of 1st week of Winter quarter. SIP credit(s) count towards your total units for the quarter.

You CANNOT register for your SIP online.

Submitting a proposal to a department does not register your SIP.

Student Statement: I have met with and discussed the requirements of my SIP with my faculty supervisor and am familiar with the College and department or program deadlines and guidelines required to complete a SIP.

STUDENT’S SIGNATURE ___________________________ DATE ____________

Faculty SIP Supervisor’s Approval: Your signature confirms that you have approved the above SIP project.

FACULTY SIP SUPERVISOR’S SIGNATURE ___________________________ DATE ____________

For more information, see the reverse side of this form and the online Academic Catalog, under Kalamazoo Curriculum.

Last revised: July 21, 2016
SIP Registration Policies

The SIP registration form must be submitted to the Registrar’s Office. Some departments may also require a SIP contract, which should be submitted to your SIP department.

<table>
<thead>
<tr>
<th>SIP Quarter</th>
<th>Registration Form Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>All SIPs involving work over the summer (as part of an extended fall term)</td>
<td>Friday of 10th Week, Junior Spring quarter</td>
</tr>
<tr>
<td>Fall and Fall/Winter SIPs</td>
<td>Friday of 1st Week, Senior Fall quarter</td>
</tr>
<tr>
<td>Winter SIPs</td>
<td>Friday of 2nd Week, Senior Winter quarter</td>
</tr>
</tbody>
</table>

- Your SIP department may require you to submit your SIP contract earlier than these due dates, and it is recommended that you submit your registration form at the same time. Some departments require all SIP proposals to be submitted in the spring.
- The registration form requires your signature and the signature of your faculty SIP supervisor (the person who will evaluate and grade your work). Many departments also designate a SIP coordinator. Find out from your department who your coordinator will be.
- Choose your quarter of registration and units carefully. Retroactive SIP registration changes (e.g., fall SIP to summer/fall SIP) to avoid quarter overloads/underloads or due to poor planning and lack of progress toward completion of the project will not be approved.
- There are NO Spring SIPs. SIPs may only be registered in the Extended Fall, Fall, or Winter quarters of your senior year. However, SIPs that have units distributed over multiple terms (e.g., performance based SIPs) may have some fraction of a unit registered during Spring. These SIPs would have been registered and substantial work completed during the Fall or Winter.
- Overloading is not permitted during a SIP quarter. The SIP unit (or both units, if taken during the same quarter) counts toward the normal load of 3 units. Work completed over the summer as part of an extended fall SIP is the exception; the unit for work completed before the normal fall term begins does not count toward the normal course load for the Fall.
- A student may not take 1 unit of SIP as their only course during a quarter unless that is the only unit they need to graduate, in which they should speak with the Dean of Students. College policy does not allow students to enroll in just a single course without the express permission of the Dean of Students (see the College Enrollment Policy).

SIP Drop/Add Policies

- SIPs must be added or dropped using the SIP Registration Change form, with the signature of the faculty SIP supervisor.
- Any changes to SIP registrations must be made in the Registrar’s Office by the end of the drop/add period of the quarter of registration (end of the first week of Fall quarter for Summer and Fall units; end of the first week of Winter quarter for Winter units). This includes dropping a SIP, changing the department or SIP supervisor, changing the number of units, etc.
- Students who drop a SIP, withdraw from a SIP, or receive an NC grade for a SIP, must register for a new SIP, submitting a new SIP registration form. Note: (1) SIP registrations are not allowed in the Spring quarter; (2) the original SIP advisor is not obligated to supervise a second attempt at the SIP.

SIP Deadlines for Students and Faculty

- Each Department, Program, or IDM Committee is responsible for establishing and implementing specific SIP deadlines within SIP quarter (the term in which the bulk of the work on the SIP is to take place). This may include deadlines for drafts, interim feedback, revisions, presentations, etc.
- For all SIPs, the final copy (i.e., no more revisions) is due to the SIP supervisor no later than Friday of the second week of the term following the SIP quarter. Students are expected to be completely finished with all work associated with the SIP, with the exception of departmental or program symposia in Winter and Spring terms.
- Faculty will submit Credit/No Credit grades by Friday of 6th week of the quarter following a registered SIP unit. A grade of Credit may be upgraded to Honors (e.g., after a Spring departmental symposium) until the end of Spring quarter. For departments with partial SIP units extending into Spring, that partial unit grade is due by 6th week Spring quarter.
- The time lag between students turning in completed SIPs and Faculty deadlines for turning in grades should not be interpreted as extra time for students to make revisions to the SIP. Work on the SIP in a quarter in which the student is not registered for SIP credit is considered an “invisible overload” for the students and is against College policy.
