Kalamazoo College students wishing to gain authorization to operate 12 person passenger vans either owned or rented by the college must meet eligibility and successfully complete written and road evaluations.

Early eligibility will be determined by providing access to your driving records to the business office for review. Online training and testing will then be administered by the office of Facilities Management (FacMan). Upon successfully completing the written evaluation, a driving road test in the 12 person van will be administered by authorized campus security staff.

To request a road test please contact Campus Safety at campusSafety@kzoo.edu with multiple available dates and times. Upon reviewing available dates an appointment will be assigned by security and the student will be notified.

Generally evaluations will not be conducted during the months of June, July and August with the exception of LandSea drivers seeking authorization.
