Attention all student organization leaders and members! As we leave winter quarter, remember that we are entering the most critical quarter of the year for StuOrgs. Spring Fling and the return of the junior class are a golden opportunity to bring in members. Spring quarter is filled with StuOrg events, showcases, and performances, so plan ahead and try to avoid scheduling conflicts with other organizations.

OSI is focusing this year on assisting student organizations with successful leadership transitions, the subject of our Spring Student Organization Leader Retreat on Friday April 5th. Transitions can be a challenge, but thorough transitions make for more efficient and successful student organizations. All student organizations will be required to send at least one member to the retreat, preferably a group leader. We are looking forward to providing you with as many tools as possible to aid StuOrgs in this important part of the year.

Kalamazoo College will hold its finals from Sunday March 17 to Tuesday March 19, but just remember: Don’t Panic! Finals are tough but your brain will function better if you take breaks, stay calm, and remember to eat and sleep regularly. Studying day and night can be counterproductive and can an excess of stress. Studying hard is important, but so is studying smart. Budget your time wisely and remember this too: it’ll all be over soon!
