Your Guide to All Things Involvement at ‘K’

As this school year comes to an end, the Office of Student Involvement cannot begin to express how much the students of the 2011-2012 school year have taken the concept of ‘involvement’ to a whole new level. With over 200 registered events, creativity and new additions, OSI has been impressed time and again by the events put on by students this past year. The line-up for the 2012-2013 school year is already beginning to fill up and we look forward to another successful year with you all!
